low sulphur diesel - clear			

Red River Oil Company History

Red River Oil began operations in June of 2010 at their current facility in Ashdown, AR., providing quality fuels and lubricants to the Four States Area. Through stable growth and a balanced customer base we were able to acquire the assets of Mason Oil Company in Foreman, Arkansas in 2014.

Red River acquired the assets of ATCO Distributing in Texarkana, Texas in June of 2016. ATCO Distributing has a 50-year history of serving the Four States Area selling fuels and lubricants, and Red River Oil Company continues to expand our product lines and customer service today. As of October 2019, Red River became an associate distributor of Phillips 66 Lubricants, and we have added Jax Lubricants product lines. Red River recently acquired property in Idabel, Ok and opened our operations on August 13, 20204

Through disciplined growth and employee retention, Red River Oil has become the premier fuel, lubricant, and chemical distributor in the Four States Area.

Red River Oil Company Assets

4 Bulk distribution Warehouses—Texarkana, TX., Ashdown, AR., and Foreman, AR, and Idabel, Ok
800+ bulk tanks in the field (ranging from 100-15,000-gal capacity)
Combined bulk storage of refined products more than 350,000 gallons at all 4 facilities

Products

Ultra-Low Sulphur Diesel- clear and dyed (**NON-BIO**), 87 Octane E10, 87 Octane Non-Ethanol, 93 Octane E10, Kerosene, Mineral Spirits, Jet A, Avgas-100LL, JP-8
Full line distributors of Phillips 66 lubricants, JAX Lubricants, Pure Guard private label lubricants and chemicals, Specialty Chemicals include DEF-Bulk, MEK, Antifreeze, and supplies

Transportation Services

7 Bobtails delivering 100-2800 gallons.
4 Transport trucks delivering 8500 gallons of gasoline / 7500 gallons of diesel.
4 Oil delivery trucks

Specialty Services
